

Learning Development Manager (Insight)
Full-Time
£34,000 - £35,000. Three year fixed term contract

Job Description

BACKGROUND

Since 2019, supported by funding from the Church Commissioners (part of the Church of England at national level), the Diocese of St Edmundsbury and Ipswich has embarked on a significant programme of change, in line with our vision of "Growing in God" and with national Church of England priorities. This has involved a seven-year *Growing in God in the Countryside* project which is creating a rural landscape, richer and more diverse in its worshipping communities, reflecting the needs and interests of local populations and *Inspiring Ipswich*, a seven-year project to revitalise the deanery of Ipswich.

Alongside these, and across the diocese, our Strategic Transformation Programme is bearing fruit in developing missional incumbent leaders, embedding missional DNA across the Diocese, increasing vocations and developing a mixed ecology of church (including a strong focus on children and young people).

To sustain and build on what has been done so far, in terms of both culture change and developing skills and confidence, we now want to invest further in training and equipping ministers, both lay and ordained. This is a key part of our strategy for future growth.

DIOCESAN VISION & MISSION

The Diocese's vision of Growing in God envisages "flourishing congregations, making a difference" which takes shape through four mission priorities:

- Growing in depth
- Growing in influence
- Growing in number
- Growing younger

The Diocese's Strategic Transformation Programme (STP) is running from 2022 – 2031 and, in line with the vision and strategy of the Church of England nationally, has the aim of:

Being a church for everyone through:

- Doubling the number of children and young active disciples in diocese by 2030.
- Fully representing the communities we serve in age and diversity.

Providing a pathway for everyone into an accessible and contextual expression of church through:

- A parish system re-vitalised for mission so churches can reach and serve everyone in their community.
- Creating 120 new Christian communities across the four areas of home, work/education, social and digital by 2030 (12 pa over 10 years)

Empowered by:

- All Christians envisioned, resourced and released to live as disciples of Jesus Christ in the whole of life, bringing transformation to the church and world.
- All local churches, supported by the Diocese, becoming communities and hubs for initial and ongoing formation.

PURPOSE

The purpose of this role is to drive and lead the provision of structured learning and development opportunities for lay and ordained ministers through our online learning and support platform and Moodle provision, Insight, in line with the strategic priorities of the Diocese and the needs of parishes and their ministers. Fundamentally, it is about resourcing and being part of the team delivering training for people who are to become ordained and lay ministers and leaders and helping our existing Priests, Deacons and Lay Ministers to develop their skills further to become better at what they do.

We are looking for someone who is excited by the work of mission and is motivated to help facilitate growth in the church. You will have experience and proven success in a training and development context, ideally in theological education or continuing ministerial development, with the use of flipped classroom techniques and populating online platforms such as Moodle. You will also have the interpersonal and organisational skills to build relationships and work in teams, develop and deliver high quality development programmes, and show the value of investment in learning and development as an enabler of mission and church growth.
